

Dear friend,

Thank you for supporting [Summit Academy OIC](#)! With your gift, we are laying the groundwork for greater impact in our student's lives.

“  
**Summit is great to help you get your foot in the door.**

I worked in basically a factory job that wasn't meaningful to me, but it paid bills. Summit was a stepping-stone for me to get into construction. I started working a week after graduating, and I've been at my job ever since.
